

**DR. AMBEDKAR INSTITUTE OF HOTEL MANAGEMENT,  
SECTOR 42-D, CHANDIGARH**

**Student Advisory**

All the students are advised to enrol themselves on the COWIN app ([www.cowin.gov.in](http://www.cowin.gov.in)) of Govt. of India for vaccination against the Covid-19 pandemic. This is a great initiative by Govt. and we appreciate this swift decision in the best interest of nation's youth.

As the drive has opened for youth (18+) we recommend all students to register and take the first dose preferably by Mid May 2021 itself. This will enable them to take the second dose by June end. This will help in increasing their immunity.

We hope that we will be able to start the new session physically and those who have got both the doses will be able to join physical classes

The Institute is following all Govt. guidelines to keep the campus safe. We are ready and hope to host you again at the campus soon.
